We can't deny that credit card has important role in our life. It is very right that credit card can make us make transaction much simpler. Using credit card, we don't need to bring lots amount of money everywhere.

But have you realized that your credit card might have too huge rate? Well, using credit card is like taking a debt. You will be charged for your credit card balance according to the teaser rate. The higher the rate is, the more you must pay your credit card bill. Years ago, it might not a huge problem but in the difficult time like this when you have increasing living cost, you barely difficult to afford it. Off course you need to find lower rate for your credit card. One of the most reasonable options for lower rate is negotiation with your credit card issuer. Is it possible? Yes, it is highly possible. If you had already use credit card for years with good report, the issuer is willing to give you lower rate rather than lost one of their loyal consumers.

If the above approach doesn't work, no need to hesitate to cut your credit card and close your account. You deserve to get much reasonable rate for your credit card. Find a new credit card with lower teaser rate is much easier than what you think. You can use one of a lot online credit card services. Using their service you will be able to get free quotes from many different credit card products. You can compare and choose the one that give the most reasonable rate with all benefits you need. But still, you need to negotiate with the issuer for the best deal.
